DAY 1 - Your tour commences today with airport arrival and transfer to your accommodation. Following this, we invite you to a welcoming dinner and group orientation.

To optimize your experience, we have chosen a single base hotel for your entire stay. This allows us to comprehensively explore the prefecture without the inconvenience of daily packing and relocation.

This evening, we will enjoy dinner together at the hotel, introducing your dedicated tour guide and destination manager. A welcome folder will be provided, outlining local attractions, dining options, and points of interest for your independent exploration.
